

Prof Martyn Jeggo is the Director of CSIRO's Australian Animal Health Laboratory (AAHL) and has headed AAHL since September 2002.

Prof Jeggo brings a wealth of experience in controlling and detecting exotic and emerging animal disease to his role of Director.

In his time at the facility, some A\$55 million has been brought in to improve and upgrade the facility.

Prior to joining AAHL from 1996-2002, Prof Jeggo was the Head of the Animal Production and Health Science Section of the Joint Food and Agricultural Organisation/ International Atomic Energy Agency (FAO/IAEA) Division of Agriculture, in Vienna, Austria.

In that role, he managed a range of FAO/IAEA Coordinated Research Programs involving more than 200 research contracts relating to animal production and health. These were operational in some 130 countries.

Among other international activities, Prof Jeggo also developed an international external quality-assurance program for veterinary laboratories.

For more than 15 years, Prof Jeggo oversaw the management of laboratory networks dealing with, rinderpest and contagious bovine pleuropneumonia in Africa, foot and mouth disease in Asia and brucellosis worldwide.

Prof Jeggo has visited more than 150 national veterinary laboratories in Africa, Asia and the Americas. He has held the positions of Director of the Veterinary Diagnostic Laboratories in the Yemen Arab Republic and Head of the Department of Immunology at the United Kingdom's Institute of Animal Health Pirbright Laboratories.
